MONDAY EVENING, MARCH 13, 1893.

LOCAL INTELLIGENCE.

Sun rises to-morrow at 6:08; sun sets 5:52. High water 4:30 a. m. and 5:02 p. m.

WEATHER PROBABILITIES.—For this section fair till Tuesday morning, probably light rain Tuesday night; south winds; stationary temperature Tuesday morning, probably colder by Wednesday morning.

THE INFIRMARY.—The annual report of the treasurer, matron and auxiliary societies of the Alexandria Infirmary for the year 1892, has been published. From this it shows that the receipts for the year were \$3,344.26 and the expenditures \$2,965.66.

During the year 169 patients were received, of whom 77 were free and 92 boarders—some at daily nominal rates. At the end of the year 16 patients were in the Infirmary. Contributions were received from St. Paul's Church \$311.50; St. Andrew's, \$209.95; M. E. Church South, \$20.75; Second Presbyterian Church, \$21.75; Baptist Church \$18.37; M. P. Church, \$10.15; Trinity Church \$20; Lutheran Church, \$15.45; miscellaneous, \$18.75; donations, day, \$130.55; besides quantities of groceries, household articles, &c.

The lady managers say: "We have had some of our largest contributions, while a steady increase from others almost counterbalanced the loss, and we thankfully acknowledge another legacy of \$200 from the late Mr. David Windsor."

The new building will be finished this summer. The record of all that has been done in its behalf, the help that has been given by old friends of the Infirmary, from whom Miss Jones drew her first and largest contributions towards its support, will be found in the report of the "King's Daughters and Auxiliary Societies." We leave it to them, as their right, to do full justice to the theme.

Accompanying the report was one from the various circles of King's Daughters of this city and vicinity that shows how noble the ladies of these circles have contributed to the support of this worthy institution—the Alexandria Infirmary.

MR. REESE'S FUNERAL.—The funeral of the late Joseph H. Young took place from his late residence, on south Royal street, yesterday afternoon, and was attended by a large concourse of the friends and acquaintances of the deceased. Long before the hour announced for the funeral a crowd had gathered on Royal street, between King and Prince, and as the hour drew near for the cortege to move the square was closely packed. The members of the Hydrant Fire Company, with which the deceased had been for so many years identified, attended in a body and in uniform, and made a very creditable appearance. The horse carriage had been tastefully improvised into a hearse, which was drawn by the members. The pall-bearers were: Messrs. Chris. Gill and Frank Hill from the Hydrant; Frank Entwistle and Wm. Craven of the Columbia and Samuel Henry and H. H. Harper of the Relief Hook and Ladder Company. About three o'clock the body was placed upon the carriage and the cortege moved up Prince street and into Washington. Arriving in front of Trinity M. E. Church, of which communion Mr. Young had been a member, the coffin was taken into the church, which was soon densely packed by the throngs which had composed the procession. The services, conducted by Rev. Mr. McAllister and Presiding Elder Porter, were impressive and appropriate and were listened to with marked attention by the large audience. Later the body was again placed on the carriage and the procession having been formed the cortege wound its way to the cemetery where the body of the deceased was laid to rest by the side of his wife who died a few years ago.

DEATHS.—Since Saturday two more of our most well-known and esteemed citizens have died.—Mr. William T. Herriek and Mr. Thomas H. Seletman, the latter last night and the former yesterday morning. The former had been sick less than a week, having contracted a cold in Washington on the fourth day of March, which culminated in pneumonia. The deceased was a saddler by occupation and successfully conducted that business here for many years. He was an upright, quiet, Christian gentleman—a man who will naturally be missed in the community. Mr. Seletman was also one of the quietest, most retiring and courteous of our citizens. He was native of Prince William county, but had lived here the major portion of his life. He was a skilled mechanic—one, it is said, whose trade was born in him, and who was not compelled to acquire it through a tedious apprenticeship. For a quarter of a century he was one of the numerous faithful employees in the Midland Railway shops. He had been sick a long time from some internal disorder.

POLICE REPORT.—Last night was clear and cold. There were ten lodgers but no prisoners at the station house. Mayor Strauss this morning discussed the following cases:

New Penn, while examining a pistol he was about to buy from a colored boy on Saturday night, fired it in front of Mr. Rice's store, on north Fairfax street, where Officer Crump, who happened to be close by, started for him. Penn, seeing the officer coming, threw the weapon behind a bread box, and one of his friends attempted to pull him into the store. The officer, however, was too quick for them, took Penn in custody, and then captured the pistol. Penn was fined \$2.

A white man charged by his wife with assaulting her was discharged, as was also the sister of the accused who had been arraigned on a charge of trespass. The case was a family matter—one of the many instances of domestic infidelity—and the Mayor gave the parties some wholesome advice before dismissing the case.

BOSTON CAPITALISTS.—A number of Boston capitalists were in the city on Saturday, and, with Mr. L. W. Spear and others, drove through Alexandria county over the lines of the proposed electric railroads for the building of which Mr. Spear has secured charters. Among the gentlemen was an engineer, who went sent here by a Boston syndicate to ascertain the probable cost of constructing the proposed railroads and the probable revenues which would be derived therefrom. It is understood that the gentlemen were much pleased with their trip and that the engineer will make a favorable report. In the evening the gentlemen were handsomely

entertained at dinner at the residence of Capt. G. A. Mushbach, on Washington street.

CHANGES AT THE ELECTRIC WORKS.—The committee on light met on Saturday evening and appointed Mr. Loudoun Campbell engineer at the electric works in place of Mr. M. Dugan. The committee say that when the services of Mr. Kirby, the electrician, were dispensed with some time since, the salary of Mr. Dugan, the engineer, was increased with the understanding that he was to do certain additional work. They say that Mr. Dugan refused to do certain work ordered by the committee, and that as they and Mr. D. were not of one mind as regards the duties of his position, they thought that the best thing to do was to get a new man. They have therefore, as stated above, employed Mr. Campbell in Mr. Dugan's place, and he will take charge of the works on the 15th.

THE CITY BEATERS.—In the Corporation Court to-day the city suffered another defeat, the case being that of the City Council of Alexandria vs. G. E. Price, a suit to gain possession of the Sun Engine House. The Commissioners of the Sinking Fund rented the property with the express understanding that he would release it any time on three months' notice. This, however, he refused to do, and the commissioners instructed the Corporation Attorney to bring suit to gain possession of the property. Judge Norton to-day decided that the commissioners had no right to bring suit, that power resting solely with the City Council.

PERSONAL.—Miss Florence Norsworthy, of Smithfield, who has been visiting Mr. Jas. P. Lash, has returned to her home much to the regret of her many friends.

It is understood that Mr. James P. Lash will soon resign his position as mail clerk in the city postoffice to engage in the insurance business.

Capt. Ham. Shepherd writes to a friend in this city that his application for appointment as Collector of Internal Revenue will be presented to the President and that he will not give up his hopes of being appointed to that position till turned down by the President.

ILLUSTRATED LECTURE.—Mr. Percy M. Reese will lecture in the Opera House to-night on "Medieval Rome and St. Peter's." This lecture is worthy of more than a passing notice. The life of the lecturer has been embodied in it in a most pleasing and beautiful manner; he not only became of the numerous excellent stereoscopic pictures which accompany it, but because Mr. Reese has clothed it in beautiful language and studied it with genius of thought. The universal testimony is that he always interests the audience, and that his lectures are instructive and profitable.

CORPORATION COURT.—Judge J. K. M. Norton presiding.—Old Dominion Building Association vs. W. H. May & Son; decree confirming sale.

D. W. Schofield, J. T. Harrison, E. C. Joyce, J. R. N. Curtin and F. G. Rogers were appointed trustees for the First Baptist Church.

City Council vs. G. E. Price; suit to gain possession for the city of the property known as the Sun Engine House, rented to Price; jury, and by a decision by the Court that the Sinking Fund Commissioners had no authority to bring suit, the city suffers a non suit.

THE ALEXANDRIA WATER COMPANY have adopted the plans submitted by Mr. D. J. Howell for carrying Taylor's run (the objectionable stream which empties into the company's race under that race, and have instructed him to ask for bids for the work. The plans are on quite an extensive scale and provide for a well-constructed arch-bridge from which will carry all the water of Taylor's run under the water company's race course. The work will be done as soon as the weather will permit.

DEATH OF MR. DULANY.—A letter received in this city to-day announced the death of Mr. Bladen Dulany, which occurred at his home near Thoroughfare, in Prince William county, yesterday. Mr. Dulany was about 55 years old and was well known in this city and vicinity, where he had many relatives and friends. He was an ex-Confederate soldier and during the war served in the cavalry.

CRIMES OF MURDER.—Last night shortly before the alarm of fire was sounded cries of murder startled people living on north Fairfax street, between Cameron and Queen, but later vocal and instrumental music in the same locality allayed the anxiety which had been produced. A few minutes after two o'clock a pistol shot was heard in a house on the same square.

A CARD OF THANKS.—I desire to thank the many citizens of this city, as also the Chief and members of the Alexandria Fire Department, for friendly services rendered and rendered me during my father's sickness, and after his death. These acts of kindness and the attendance of so many of his comrades of the fire department at the funeral yesterday, Sunday evening, were very gratifying and will ever be remembered by me. HAYDEN T. YOUNG.

The burglars cut the slats from the Oronoco street window but were frightened off before they succeeded in making an entrance to the store.

The Supreme Court of the District of Columbia on Saturday refused the writ of habeas corpus asked by the counsel of Howard J. Schneider. Consequently, a writ of error will be petitioned for the Supreme Court of the United States, which will undoubtedly be refused, in which case Schneider will be hung next Friday.

The alarm of fire at 9:30 o'clock last night was caused by the partial burning of the roof of a house in the row on the west side of St. Asaph street, between Gibson and Franklin. The fire department was quickly on the ground, but the fire had been extinguished by neighbors before the engines started to work. The house belonged to John A. Seaton and had been occupied by a colored man named Frank Cole, who vacated the premises on Saturday night.

Judge Norton to-day granted a charter to the Roslyn Brick Company, the objects of which are to make and sell bricks and to engage in the business of general contractors. BY TELEGRAPH.

Suicide of a Young Woman.

NEW YORK, Mar. 13.—At Kip's undertaking rooms, First avenue, lies the mortal remains of a beautiful woman. Her features, attire, hands, feet are evidence that she was a woman of refinement. She is the woman who yesterday afternoon, in her room at the Coleman house, made self-murder doubly sure by drinking laudanum and then firing a 32-calibre pistol bullet into her heart. The woman, when she registered late Saturday evening, inscribed herself as "Mrs. F. Carter, St. Louis, Mo."

From the time she went to her room at 11 o'clock Saturday evening, the hotel people say that nothing was seen or heard of her until 4 o'clock Sunday afternoon, when a bell boy took her a milk punch. At 5 o'clock, as the chambermaid could not get any response to her taps at the door, it was forced open and the suicide discovered.

The body was to-day identified as that of Leonie Cozzens, 18 years old, of 240 West 138th street. Miss Cozzens belonged to a wealthy family, and lived with her mother at the address given. It is believed that disappointment in love was the cause of the suicide.

A Miraculous Recovery.

HELENA, Ark., Mar. 13.—Daniel McKeat, a young married man, about a year ago while having an epileptic fit, fell into an open fire-place and when found the scalp, the muscles of his head, and the bones of the left side, as well as the tissues covering the left shoulder, were paralyzed. He was in an unconscious condition for two days. One half of the skull and flesh were burned from his head to such an extent that the pulsation of the brain could be felt. Now, after a year, the bony substance of the skull is being reconstructed and bids fair to completely heal, making an almost new boy covering for the brain. The man has fewer fits than he had before the accident and his mind is clear. The case has no parallel in surgery as far as known by the medical experts.

A Social Sensation.

ATLANTA, Ga., March 13.—A tremendous sensation was created yesterday by the publication of the fact that Wm. A. Haygood and his wife had parted. The couple have been socially and religiously prominent. Neither claims nor believes any cause for divorce against the other. They say that having gradually discovered that they have not that degree of mutual love essential to a happy union they believe it their duty to dissolve their marriage relations.

Lynched.

MEMPHIS, Tenn., March 13.—Rufus Haywood, a colored planter, was assassinated by Lee Walton, a notorious negro desperado, Saturday night at Nita Yuma, Miss. After robbing his victim Walton fled, but was run down by blood hounds and captured yesterday. A mob of 500 negroes overpowered the sheriff and took the murderer to the scene of his crime, where he was hanged to a limb and his body filled with bullets.

Mr. Gladstone Sick.

LONDON, Mar. 13.—Mr. Gladstone while paying a visit to Hampstead on Saturday became indisposed and was slightly feverish. On returning to Downing street in the morning he immediately went to bed, but it is thought that his illness is slight.

DIED.
